**Re: NEW POLL – Colorado Voters Calling for Background Checks**

A new poll of 802 likely Colorado voters, conducted June 2-7, 2020, shows that an overwhelming majority of Coloradans support requiring background checks on all gun sales (89%). Support for background checks on all gun sales is broad and intense, with nearly two-thirds of Colorado voters spanning the state saying they would never vote for a candidate who opposes the common-sense policy (61%). And support for background checks is only growing, with a third of Coloradans claiming requiring background checks on all gun sales has become more important since the coronavirus outbreak (33%).
