

## **VIOLENT CRIME**

**In 2020, 1.56% of Denver's landmass (excluding Denver International Airport) accounted for 26.1% of homicides and aggravated assaults, and 49% of all aggravated assault shooting victims were from one of five crime hotspots in the City. Our data-driven efforts focusing on persistently violent locations will take a whole of city approach, include significant collaboration with City and community organizations.**

## **COMMUNITY POLICING STRATEGIES**

- Partner with DFD, DEDO, DOTI, DHS, GRID and residents
- Utilize evidence-based enforcement strategies focused on those individuals causing the most harm, while supporting residents.
- High-visibility, data-driven foot and bike patrols
